SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Abstract 2. Line 184 3. Line 215: All tables should be numbered 4. Line 229 5. Line 344	Add policy recommendation(s) R on that line. How is this connected to any equation? It should be aligned and its Relevance in any equation. All tables must be numbered to be able to refer to them On the table, the last column has not details (after the “t” value). The last column should be the ‘P.Value’ It must be properly labbed as such. Reference on this Line is from the Web. So it should be rightly referenced as Retrieved from http:// www.ageconsearch.umnthis is how to show references from the web.	
Minor REVISION comments 6. Line 32 7. Line 46 8. Line 48 9. Line 50 10. Line 54 11. Line 81 12. Line 102 13. Line 128	It should stop at Ecosystems.... such as harsh ones should be cancelled; it makes the sentence sluggish I seem not to agree with fact that “traditional knowledge can be appliedto tackle the effects of climate change how? It can introduce, with innovation, help in making the farmer aware but not to change the climate. So rewrite it. To mean that such knowledge may help the farmer be aware options sought to look for solutions or safeguards. A study by Osunade.....[9] revealed how indigeneous.... ...handed down from generations (correct through)to as traditional knowledge or traditional environment. (the sentence end here). The new sentence starts from According to Rao et al [10]..... culture or society is valuable not only for the culture (even though culture has been reaped) Flora, fauna and and these have enabled Collecting information from REWRITE:questionnaire to a sample of individuals. This part of the sentence is sluggish. It could befrom a desired sample or from a designated sample. used in this study included questionnaire and interviews.	
Optional/General comments
