General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	1. Line 49 – 51: percentage should be changed to percent. 2. Line 53: Reword the sentence: Plantain is considered <u>to which help in</u> the management 3. Line 95: Add area to total surface (S) 4. Number your equations 5. Line 107: Figures 1 should be changed to figure 1 6. I suggest you include the SPSS software in the list of your references 7. In table 2, the superscript "a" on the data is not defined. 8. In the abstract, the increases in the the bio-yield force and bio-yield energy as well as in the rupture parameters could be converted to percentages. It shouldn't look exactly the same as it is in the conclusion. 9. Line 210: The word "gotten" should be changed to "obtained"	
Optional/General comments
