

**SDI Review Form 1.6**

Journal Name:	<a href="#">Advances in Research</a>
Manuscript Number:	Ms_AIR_42837
Title of the Manuscript:	Effect of Seed Coating Polymer and Micronutrients on Stomatal Conductance and Resistance at Different Growth Stages of Pigeonpea
Type of the Article	

**General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

**PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<ol style="list-style-type: none"> <li>1. I am not sure the relationship between seed coating and Stomatal conductance. Usually, the effect of seed coating for germinating of seed and vigour of seed. Please explained it.</li> <li>2. Please check your Title. I don't see in your manuscript to explain about "polymer". What kind of polymer.</li> <li>3. No statistical judgment to make conclusion. Only standard error of the mean. I am not sure your conclusion is valid.</li> <li>4. Please find new references (minimum &lt;5 years) for citing in your manuscript</li> <li>5. Please make graphical results with standard error of the mean. It is easy to the reader your manuscript.</li> <li>6. Lack of data of polymer substances in this experiment.</li> </ol> <p>Add citation about seed coating polymer and their function relate to stomatal conductance</p>	<p>Corrections effected in the manuscript</p> <p>Conclusion part has been modified and upgraded</p> <p>Recent references have been added in the manuscript</p>
<b>Minor</b> REVISION comments	This manuscript can be publish but have to revised. Some information is good.	
<b>Optional/General</b> comments	Please adding some explanation about seed coating function in this manuscript. Revise your manuscript before publish.
