SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	It is very useful study for fruit practice. Also the study is very useful for Turkey which is the most important country for apple growing. Chip budding were found more suitable than T budding it is very interesting for apple sapling. The tissue figures are very clearly and good.	
<u>Minor</u> REVISION comments	-There are some repetitions in abstract and introduction. For example in abstract, line number 6-7 and in introduction , line number 22-23 are the same. You must remove in one of them- preferably in abstract- -You can give some knowledge about Chip and T budding -You can oversight line number 7 and 8. If it is ok grows can change grow. -In line 72. Line you can remove passed -In line 85 especially must change especially. -In line 154 reserach must change research -In reference section abbreviation used in some of journal name but not used in some. For example acta horticulturae or actahort?? They have to be same. This section must oversight.	All corrections were made in accordance with the referee's recommendations. It is necessary to use similar sentences and tenses in order to be able to understand the subject briefly Thanks for all
<u>Optional/General</u> comments	It need to some minor revisions	done
