**PART 1:** Review Comments

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <p><b>Title:</b> Use A at the starting of the title.</p> <p><b>Keyword:</b> Delete Review, it is not a good keyword.</p> <p><b>Sub-title numbering:</b> Please use perfect numbering and also separate sub-sub heading by numbering and case (For example 1.1 Introduction).</p> <p><b>Introduction:</b> Give more general description and also give other references.</p> <p><b>Conclusion:</b> Make a concrete conclusion and based on the current and good practices, make recommendations that will be helpful for the policy makers. No need references in the conclusion.</p> <p><b>When a sentence starts with reference, please write Scientist name and year. For example, reference 1 in Line 26.</b></p> <p><b>There are many typing and grammatical mistakes. For example-</b></p> <p><b>Line 17 – into not in to</b></p> <p><b>Line 27 – According to defined is not good</b></p> <p><b>Line 32 – delete is</b></p> <p><b>Line 49 – 95%</b></p> <p><b>Line 50 – provided</b></p> <p><b>And so on.....</b></p> |                                                                                                                                                                               |
| <b><u>Minor</u></b> REVISION comments      | Carefully check the manuscript following the guideline                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                               |
