**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                                                                                                                                                                                                                                      | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments | <p>In as much as the article is based on review of literatures, kindly state your purpose for this review (purpose of study).</p> <p>What approach did you engage in the review process (methodology)?</p>                                                                                              |                                                                                                                                                                               |
| <b><u>Minor</u></b> REVISION comments      | <p>Kindly consult to ascertain the current models of extension used in Nigeria. I think "Operation Feed the Nation and Farm Settlement Scheme" models are no longer in use in Nigeria.</p> <p>Some of your citations are rather too obsolete. Kindly see if you could consult more recent articles.</p> |                                                                                                                                                                               |
| <b><u>Optional/General</u></b> comments    | Kindly go through the manuscript. There are statements that are not properly written. Also, you may hand it to a professional in proofing reading and vetting to help you restructure subject verb issues for better read.                                                                              |                                                                                                                                                                               |
