SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Title: Modify the Title to reflect the content of the paper. Suggested title: The use of of Fermented Cassava (<i>Manihot esculenta</i>) and Ripe Plantain Peels (<i>Musa paradisiaca</i>) as feed: effects on haematological and histological parameters of albino rats. Aims: Should read the effects of cassava not on cassava. Study design: start the sentence with THE diet. Line 69. How can the rats have average weight of 63kg? You must mean 63g, please check, as 63kg represent the weight of an adult human being.	
<u>Minor</u> REVISION comments	Where were the rats obtained from? Were they acclimatized before the experiments? Line 97: Results and Discussion should be separated. Line 275: discussion should be numbered 4. Line 338: Conclusion should be numbered.	
<u>Optional/General</u> comments	Good paper
