SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1. The research is important for Egypt agriculture development. The manuscript is not concise. Data in Table 6 and Figure 1 are same, and one of them should be deleted. The abstract and introduction are too long; both of them should be brief and concise. And also trait determination method can be simplified.	
<u>Minor</u> REVISION comments	2. Table format, reference format should be identical. 3. Spelling error should be avoided, e.g. L22 'yelder' should be 'yield'; L261 'where' should be 'wherea'; 4. In table 2, some average temperatures were higher than maximum temperature, please check it. 5. All the latin name of plant should be italics, e.g. Line 75 'Chenopodium quinoa'. 6. In citation, only the same author have several articles sited, we then use 2011a, 2011b, 7. 'Water stress' in title can revised to 'drought stress'. 8. All the trait name in tables should be abbreviations with unit.	
<u>Optional/General</u> comments	This manuscript can be accepted after major revision.
