General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	In several lines, which in the paper are not numbered, I have highlighted what it may be some mistakes of format, please correct them, I have also highlighted what I think is the aim or objective of the research, but it needs to be rewrite in order to make it understandable and clear. In the section of "Information dissemination to the farmers on different media communication channels", there are several highlighted percentages I suggest that the parenthesis are not necessary but please check the writing. The Conclusion section should be modified it's written as a copy of the results, here it should answer directly to the aim or objective of the research.	
Optional/General comments
