

SDI Review Form 1.6

Journal Name:	Asian Journal of Applied Chemistry Research
Manuscript Number:	Ms_AJACR_40831
Title of the Manuscript:	Synthesis, Characterization of Novel Cationic Polyurethane Polymeric Surfactants: Content Saturated Chain
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>The whole manuscript should be revised for linguistic, spelling, grammatical and punctuation mistakes to make it more readable</p> <p>Plagiarism Issue: Plagiarism in this manuscript is high 68%, and it is not acceptable, the manuscript should be modified so that to reduce % plagiarism Attached the plagiarism checked paper</p>	<p>The manuscript was revised for grammatical and statements.</p> <p>The plagiarism was revised and now it is about 14%</p>
Minor REVISION comments	<p>Concerning references,</p> <ol style="list-style-type: none"> 1. All references should be written similarly. 2. All authors names are to be listed instead of writing et al. 3. Two references have same numbering [12]; therefore, numbering to be checked, and according the numbering of references will be changed through the whole manuscript 4. I think that the authors could improve the manuscript with more recent references in the field (only one reference 2017), in order to update the state of the art. 	References were corrected.
Optional/General comments
