PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
* Small corrections are still necessary. They are all marked on the text. * With respect to the abbreviations of NEPAD and CADDP, I don't think that there will be a problem if they are corrected since the correction does not change the full name of the institution. It only changes the sequence of words in full name. It is not always quite correct to interpret the name of an institution word by word. - New Partnership for Africa's Development (NEPAD)- This should be better if it is written as "new partnership for the development of Africa". -Comprehensive Africa Agriculture Development Programme (CAADP)- This sequence of words is completely incorrect since what is comprehensive should be the programme itself, not Africa. The correct version should be "Comprehensive, agricultural development programme of Africa" or "comprehensive programme of African, agricultural development" * If a quotation includes a grammar mistake, it can always be corrected. There will not be a problem.
