Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_22058
Title of the Manuscript:	Effect of participation in community-based agriculture and rural development project on socio-economic status of rural dwellers in northern Nigeria
Type of the Article	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
- Plz use international standard of units in line 257 to 267 (in ₦) - Normality test of the data is also required to use before using statistical tests: this means that before using the parametric test such as chi-square or t test etc. it is necessary to test the normality of the population distribution (i.e. Kolmogorov–Smirnov test). If it is normal then one can use parametric test otherwise have to resort non- parametric test (like ANOVA etc). - Plz incorporate generalisation of findings: this means that the result or findings that you gathered from the present study have similarity or differences from earlier research studies.
