SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Abstract of the manuscript is written very well and concisely. The paper is very well structured. I can recommend to the authors to highlight their own contribution to the topic and to separate strictly from already known knowledge.	
<u>Minor</u> REVISION comments	Some gaps are missing between the titles of individual chapters and previous text. Gaps also lack between tables and the preceding and following text. Table 2 exceeds the margin of the page. The size of formulas is not the same throughout all paper, some of which are centered and some are aligned at the left edge of the page and they are not below them. Tables 3 and 4 lie on two pages.	
<u>Optional/General</u> comments
