<u>Compulsory</u> REVISION comments	The presented work has the character of a research study. The results of the survey should be published and competence must systematically work on corrective measures.	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments	The survey brings a lot of important information about the level of agriculture in rural areas of Bangladesh, characterized by the activity of farmers. The Government of Bangladesh and competent officials need promote education, training of farmers. All achievements are based on knowledge and motivation of farmers. It is necessary to convince farmers to improve their work. Not all measures are very costly. Country with a population of around 150 million needs to efficiently produce their own food, to remove starvation.
