PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Title of the paper is too broad, the author needs to narrow down to specific region, district or country for clarity and understanding. Abstract: - Objective - Problem statement - Sampling method (e.g. Random sampling, stratified sampling, purposive sampling or snow ball sampling) - Results (data in terms of figures) - Conclusion All the above bullet points should be part of the abstract which is very important. In line 21 you mentioned that, there was significance difference in your result at what level. Literature: The literature is too scanty for such a research, dilate and expand more on the literature. Methodology: How did you collect your data and what was the data collection tools used, was it focus group discussion, interviews, key informants etc. Line 118-121: Move it to methodology section and not in the result section. Conclusion: Make conclusion to your research
