SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	There are too many spelling mistakes and some grammatical errors in the manuscript. Line 15 (paramerts), line 16: results shows that ..., Line 32 (performance), line 34 (agriculture), line 35 (recorded), line 37 (structural changes occured), line 38 (changed), line 39 (diversification). And so on..... The author must check and recheck all the wordings of manuscript to ensure that all spelling mistakes could be corrected. No ethical issues are in this manuscript	
<u>Minor</u> REVISION comments	Based on the results of the study, the author needs to provide lessons learned and suggestions to other states that want to develop their agriculture sector.	
<u>Optional/General</u> comments	It would be good if the author can provide information about what other general factors are behind the growth and instability of agriculture in the period 1 and 2, or in the overall period (weather, policies, inputs, institutional, price, etc). This could be obtained from other studies.
