SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Present Table 1 using descriptive statistics so that reader can understand the magnitude of the differences for each variable (eg. For gender, you can use frequencies and percentages)	
<u>Minor</u> REVISION comments	Check also your discussion regarding the average size of farm. It's contradicting. The table is reflecting a difference (5 ha rural and 2,5ha urban) yet on the discussion you are reflecting an average of 5 ha for both rural and urban farms. See highlight on document.	
<u>Optional/General</u> comments
