SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments		
<u>Minor</u> REVISION comments	1. Grammer mistakes need to be corrected, for eg: empowerment status of the farm women achieved through training of as perceived 2. Relationship between influencing factors and women empowerment is computed using correlation. But how the researcher is arrived at the value of women empowerment is not explained in the methodology It is mentioned that empowerment is measured in 5 dimensions, so for correlation, did the researcher used total empowerment or the 5 dimensions? – it is not clear 3. It is better to give the correlation result table as such along with r values, rather that showing the r values alone	
<u>Optional/General</u> comments
