

Editor's Comment:

Comments to the manuscript "SOCIO ECONOMIC ASSESSMENT OF GINGER PRODUCTION IN JABA LOCAL GOVERNMENT AREA OF KADUNA STATE"

The data presented in the manuscript is valuable and suits the demands of the Journal. But there are some mistakes to be corrected:

- I. List of references should be corrected according to the author guideline of the Journal:
 1. Several references are incomplete: Tologbonse...(the title of the article is incomplete); Onweme...(year of publication 1989 or 1988)
 2. Abbreviations of journal titles – not everywhere and not correctly. Sometime no abbreviations of the journals are made (see "Baiyegunhi..." as an example)
 3. Sequence of full authors data should be corrected (for instance, written: Nnodu, E. C. and P. A. Okwuowule- should be changed to "Nnodu, EC, Okwuowule PA")
 4. References in the text should be given by numbers in square brackets
 5. To what reference are the words: "Department of Agricultural Economics and Rural Sociology, Ahmadu Bello University Zaria, Nigeria" referred?
 6. Some words in the reference list are underlined, etc..
- II. Some misprints are present in the text, some spaces between words are lost (corrections are indicated by me in red color)
One line in Table 8 should be deleted
- III Line 312- it is not clear whether 1274.1 kg of ginger yield refer to 1 ha or 1.19 ha
