SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. The paper is too long, it needs to be shortened. 2. The introduction section did not show clearly the problem faced by turmeric farmers in the two districts along the value chain 3. Results and discussion section is also too long, that is why authors failure to insert tables within the text. I suggest tables to be inserted at the respective sections and no as appendix. 4. Authors must reduced the number of tables and use only the prominent one. Table one can be eliminated as the costs of inputs are shown in other Tables. 5. The value chain map is highly recommended is showing different channels. To present findings in briefly and systematic, authors must use tables.	It has been explained in the second para of the introduction part The tables are inserted at the respective sections and the written part is reduced wherever necessary. Table 1 has been removed from the text. The channels are given in the text (3.4 Marketing performance of turmeric) Used tables only for explanation.
Minor REVISION comments		
Optional/General comments	Generally the manuscript is good
