SDI Review Form 1.6

PART 1: Review Comments

	Editor's comment	Author's Feedback
Compulsory REVISION comments	- In Table 1, under the (Fixed Costs), the Subtotal does not equal to 6.21. Add the numbers again and put the right one - In Table 4, The total of all the percentages does not equal 100%, but more. All the numbers must be added again - fixed , so the total is equal to 100% and Table 7 have the same problem- The Total of all percentages do not equal 100% . All the (Total) percentages must be fixed	I cross checked the calculation and changed the total cost of cultivation in case of Bagalkot district. But in case of percentage work out also I cross checked, if we take the three digits after the decimal then it will be equal so I left it as it is as it its only 0.01 variation. In Table 4, I changed the percentage figures and highlighted in yellow colour. In Table 6 and 7, I changed the percentage figures and highlighted in yellow colour.
Minor REVISION comments	- In the Abstract , Line 10, it was stated (per acre cost of cultivation cost of cultivation) It should be corrected - In the Abstract , it was stated (With respect of ... It should be corrected to (With respect to ...) - In the Introduction, it was stated (India occupies first position in both area....
