SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Under education: it was written Literates, according to the table there are no literates. Please do rewrite the whole paragraph based on the table. How did you quantify Strong believers and weak believers? Please give clarity in methodology.	Under education: I have corrected the table and paragraph. I have clarify the methodology as per your comments.
<u>Minor</u> REVISION comments	2. Degree of belief and 3. Decision making pattern can be added in methodology Table.3 – decision making pattern can be classified based on the score rather than frequency.	Added degree of belief and decision making pattern in methodology. In Table. 3 decision making pattern there is no need of classification on the basis of score . Table no. 3 is clearly written and explained in manuscript.
<u>Optional/General</u> comments	It's a good study. Well documented
