**PART 1: Review Comments**

|                                            | Reviewer's comment                                                                 | Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>                                                                                                                                                                                                                                             |
|--------------------------------------------|------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b><u>Compulsory</u></b> REVISION comments |                                                                                    | We express our honest gratitude to the editor of this famous journal for finding potential reviewers. The criticism and suggestions made by the reviewers for our manuscript is extremely good, for which we revised the manuscript accordingly. All the changes made in this manuscript have been highlighted in yellow throughout the text. Hope this revised manuscript would now meet the criteria of your esteemed journal. |
| <b><u>Minor</u></b> REVISION comments      | Introduction section should be provided with some more references. It is too brief | Statement of problem and objective of the study is added in the introduction part. Latest references relevant to the work are added in the paper. Could not find much more available.                                                                                                                                                                                                                                            |
| <b><u>Optional/General</u></b> comments    | <b>ATMA should not be written in abbreviated form in title.</b>                    | The correction is done in the paper.                                                                                                                                                                                                                                                                                                                                                                                             |
