PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	The study has been successfully investigated to emphasize the importance of cooperatives in rural development. The success of women's co-operation depends largely on state support. I think it might have been a little more focused on what kind of state support this issue is.	All the corrections are in the pdf archive.
