SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author chose a very small research base, and did not justify his choice of these areas for study.	Bush buck is a plant mostly found in the south eastern part of Nigeria
Minor REVISION comments	The article is arranged inaccurately, attracting attention, for example, errors in indicating the geographical location of the investigated area.	It has been corrected
Optional/General comments	The author does not give the total number of respondents anywhere and does not justify the choice of this number. The article presents the average values of various indicators, but no statistical estimates are presented, without which it is difficult to assess the reliability of the results obtained	Line 116-117: The number of respondents were indicated Line 127- cut-off point of (Mean=2.50)
