PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Topic: Place where the study was carried out should be included in the topic. Abstract: '....study has been taken up with the objective to find out the perceived sustainability of contract goat farming...' -how do you find out? Not clear. -The study could have been better if it was carried out in two different regions for comparison purposes. Main Text: Some of the parts of the paper indicating a need to correct the language to improve the document. '....Odisha which is a rainfed area where....' (line 45); 'Contract farming in livestock especially goat has been evolved in the area for quite..' (line 48); 'randomly selected among top 5 districts in goat population from..' (Line 48). These identified sections requiring improvement, are among the many such parts in the document. They require being addressed before the paper is published. Conclusion: Good, but flow of ideas require improvement General comment: Publish after the recommended changes have been effected	Topic: The name of the place where the study was carried out is included Abstract: Necessary corrections have been done. Main Text: Necessary corrections have been done.
