SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	1] Total sample size = 156 + 76 = 232 not Total sample size 117 = 156 + 96 = 232. Check line 117 and make the changes. 2] In Table 2: Collection of Firewood, what do the ALL represent? You have men, women, children all before the total. 3] Most of the result was either not discussed properly or discussed at all. For instance, if 102 respondents out of a total of 220 sampled respondent said that source of power in Mmaku is through National grid, what is the implication? Can you give literature to back those implications you will be suggesting?	
<u>Minor</u> REVISION comments	1] Check the referencing format for the journal and follow that. 2] There are some few typos in the manuscript which the authors are advice to employ the services of a professional proof reader to correct.	
<u>Optional/General</u> comments		

As per the guideline of editorial office we follow VANCOUVER reference style for our paper.
