SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Nice one and straight to the point. There is need to specify in your methodology the proxy or index used to measure risk aversion (RA). There is also need to reference other authors and their findings on risk aversion, and then discuss the implications based on your findings.	
<u>Minor</u> REVISION comments	- Between lines 7 and 8 The findings revealed that "years farming experience" and.... Add "of" - And dry land farming can improved... Remove "And" (Starting a sentence with "and").....Add "be" to "can improved" - Recast "And dry land farming can improved by solving the other important measures expressed by the farmers were writing off loans in drought years, creation of drought relief fund, non-farm employment opportunities, livestock loans, crop insurance and long term loan for well digging" - Recast lines 15-16.... "agricultural production dry land agriculture1"	
<u>Optional/General</u> comments
