PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<u>Compulsory</u> REVISION comments	- The paper has relevant and original data. However, must do some important corrections. - The text should be adjusted to the journal standards, and all lines should be numbered. - Abstract incomplete. Rewrite. - Rewrite the sentence: "Ginger is an of the important spices produced". - Remove the sentence: "This section presents". - All Figures and Tables must be corrected when they are called in the text. All of them are called wrong in the body of the paper. - Place names in the graph axes, in all graphs. - Recommendation: Convert the monetary values to American Dollars, for greater applicability of the study in other regions. - These data have already been shown in the table. There is no need to repeat in the text: "Table 4 shows that majority of respondents 73% of ginger farmers depend on the revenue from the last season sells"
