PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	As you will see from the attached reviews, while the reviewer point out that your paper has the potential to make a significant contribution to the field of the research. I encourage you to consider the review comments carefully in PDF archive in e-mail. Thank you for considering my comments. But your paper need of English review, and increase the number of references to base yours results.	
Minor REVISION comments	Review abstract, introduction and discussion need more references and fragment ideas and review the references.	
Optional/General comments	In general, the article presents relevant data. But should be reviewed some comments. So, I recommend for publication after the necessary corrections.
