Type of Article:	Original Research Article

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
Line 32: remove the bracket in the subtitle Line 53: Consider revising to “economic potential of maize”, remove the brackets, if table has to remain, include some information that can link the table to the discussion in the subtitle, if not the table is hanging. Line 64: Consider revising the sub-title “Overview of maize potentials in Telengana. Line 83: Add more concise information about the description of the study area. You do not need to completely cut out the entire information in the previous manuscript regarding the study area. Based on the title of your study, what economic recommendation can you make from the results of your study with regards production and marketing of maize in the district? This is missing in the manuscript. It should be included after conclusion.
