Thanks for the update. Attached refers A minor review has been further effected by me in the following areas; 1. Under the map of south west, instead, It should read map of the study area and not, South West 2. The source of the results obtained as indicated in the Tables must have: Source: Field survey, 20.... OR Data analysis result, 20.... All the 2 need corrections have been done and coloured in green for ease of convenience, please On the strength of the above, the paper is strongly and finally cleared for publication based on my review and subject to the decision of the editorial board and the 2 corrections required to be effected
