General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The introduction should remain concise with the emphasis of research intent. Some parts of the introduction with literary statements should be moved into separate chapter "Literary review". Also, it would be desirable to expand literary references. Prior to the presentation of the statistical processing of the results, it is necessary to present the research instrument with which the input data were collected. After presenting the results, it would be desirable to have more detailed their interpretation in the discussion.	
Minor REVISION comments		
Optional/General comments
