

Editor's Comment:

The authors only slightly revised the text. Attached are repeated comments. The authors have not changed some grammatical errors shown red in the text by me. Attached are my corrections. If the authors do not agree with the comments they should explain their position.

My comments	Result	Recommendations
I have corrected the misprints and marked them red in the text - It's o'key now.	No changes in the revised version	Authors should write: 1)"program", not "programma" 2) "practicing", not "practising"3) on line 132 "females" not "female" etc
some works cited in the text are absent in the reference list. They are: Nayatuame (line 52), Rell and Calvin (line 222), Kola (line 120)	Corrected Not corrected Not corrected	
some references from the reference list are absent in the text. They are: a)Amaza, b)Pellet, c)Nature.	Nothing is done	
Whitehead C.B. 1993" reference in the reference list should be changed to "Winstead C.B." In this connection name Whitehead in the text (lines 208 and 248) should be changed to Winstead and year should be changed from 2000 to 1993	No changes of year of publication in the text. See lines 208 and 247: "Winstead, 2000"	Year of publication should be changed
