

SDI Review Form 1.6

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_39224
Title of the Manuscript:	A REVIEW OF THE ENTREPRENEURIAL BEHAVIOR OF FARMERS: AN ASIAN-AFRICAN PERSPECTIVE
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	Also, I need to commend the author for his efforts on this paper. However, my comments are: 1. The topic is okay but the paper was not properly written. 2. What should have been the statement of the problem in the second to the last paragraph of the introduction is appearing in the conclusion. This has to be corrected. 3. What are your objective or research questions? 4. Where did you get findings when there were no research questions and hypotheses?	(1) Noted (2) See added text on lines 44- 48 and lines 402- 416 (3) See added text on lines 46- 48 (4) See modified text. The paper now has the research objective and question but no hypothesis. It sought to answer the following question: Which components of entrepreneurial behavior describe farmers?
<u>Minor</u> REVISION comments	The author seems to lack knowledge on the reference format of this journal. He or she should adjust where necessary	Corrected, see text
<u>Optional/General</u> comments		

As per the guideline of editorial office we have followed VANCOUVER reference style for our paper.
