PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is quite an interesting and innovative article, dealing with astonishing issue. Besides, the article makes use of a great number of respondents on whom to base the author's analysis and reflections. The author also provides us with many different and complete tables to back up his own statement on the problem.	
Minor REVISION comments	I would recommend the author to expand a little the conclusion part since it seems rather short and elusive.	The conclusion have been expanded.
Optional/General comments	Correct the minor spelling errors detected (5)	Minor corrections effected.
