PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Introduction: Kindly only specified identified problems that arise why does the study needs to be investigated. Please also include other literature with the same topic in order for the readers to compare Sierra Leone to other nations in terms of Gari processing systems. Methodology: Appropriate Results: Appropriate References: Appropriate and updated	Thanks for the heads up with related literature of similar topics but most papers did not look at the various systems in gari processing rather than dealing with one system and run a regression to determine the effect. Done sir.
Minor REVISION comments		
Optional/General comments	The article is publishable subject to minor amendment	Okay! Thanks.
