

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_43337
Title of the Manuscript:	Contribution of Animal husbandry to Indian Economy, its characteristics and future: A review
Type of Article:	Review Paper

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
<u>Almost all the proposed changes are incorporated, but still some minor changes are needed, that are mentioned as below:</u> ABSTRACT Line 10, 11, 12: They are a source of draught power, protein and source of livelihood. India ranks first in the world milk production with annual milk production of 132.4 million which contributes about 16 percent to the world milk production (BAHS, 2014). Write instead of above: They are a source of protein, livelihood and draught power. India ranks first in the world milk production with annual production of 132.4 million which contributes about 16 percent to the world milk production (BAHS, 2014). Line 13, 14, 15: India has exported 25,780.74 MT of natural honey to the world for the worth of Rs. 356.28 crore during the year of 2012-13 (Agrawal. 2014). Change the font size as per journals format and also elaborate MT. INTRODUCTION Line 90: Indian honey has a good export market. With the use of modern collection, storage, Write instead of above: Indian honey has a good export market with the use of modern collection, storage and also change the font size as per journals format Line 114: MT repectively showing growth Please spell check it Line 115: of 6.37 percent. (DAHD report, 2017-18). 80 percent of the milk produced is handled by Write instead of above: Change the font size as per journals format Line 126: subsidized loans benefit of MSME enterprises Elaborate it MSME Line 133, 134: concern for the whole world. Ambient Ambient temperature of the earth Delete the repeated word	1. Data couldn't be added without citing the main source of such data that is the livestock census. Thus now the language in abstract has been generalised so as to rule out the need to cite reference. 2. All changes line by line has been incorporated as directed. 3. Italic font removed in sub-headings Article has been edited to the best of my knowledge any further mistakes will be edited as directed.
