SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The study is not backed by concrete literature evidence. The objectives of the study do not purely reflect the scope of the study. The marketed surplus, marketable surplus etc, is evident only for one year, inclusion of more number of years would have boosted the study. The researcher would have used more standard statistical tools for the support.	
<u>Minor</u> REVISION comments	The number of sample is not evident and method of sampling is also not concrete. Sample size is very small.	
<u>Optional/General</u> comments	Concrete managerial implications are not visible. Conclusions are also not standardized
