

SDI FINAL EVALUATION FORM 1.1

PART 1:

Journal Name:	Asian Journal of Agricultural Extension, Economics & Sociology
Manuscript Number:	Ms_AJAEES_37128
Title of the Manuscript:	The Obstacles of Rural Women Participation in Agricultural Development in Erbil Province
New title of the Manuscript:	The Obstacles of Rural Women Participation in Agricultural Development in Erbil Province of Iraq
Type of Article:	Research

PART 2:

FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
1) Still there is a problem of proof reading. Instead of correcting things, the author removed completely trouble areas like lines 40-41 (old doc.) However, must remove lines 68-70. Then proof read lines 72-74. Author removed completely lines 83-85 & lines 97-99 & 119-122 (old doc.). Must proof read 101-109; 129-135.... Until we reach the end of the paper.... (2) The problem still there: even in new doc.... Sampling is not well described, using contradicting statements line 85 “conveniences sampling” and line 78 & 87 using “simple random sampling” (3) Discussing the numbers is fine numerically, but unreadable when analyzed!! (4) Author removed troubled area dealing with Discussing Chi Square results is not adequate. Tables 3, 6 and 8. (5) Author did not deal with this.....Implications are not discussed. Need to be developed. (9) References have to be changed to match Journal's requirements and must be reviewed for consistency.
