SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Title of the Manuscript: Are Farmers Using Agricultural Conservation Practices for Sustainable Food Production? Insights from Land Degraded Regions in Rural Areas of Anambra State, Nigeria In general, I think the manuscript presents a very nice analysis with many interesting results. I only find some minor remarks, I therefore suggest its publication after some remarks are taken into account.	
Minor REVISION comments	Here follows a list of them Line 100: end of the month of March.....I think it is better to say end of March. Please correct the rest in the text. Line 161: it is not necessary to put male=1, female=2. Please I suggest to remove. Same to lines 165-168. Line 191 Nigeria of six persons. Please, change to Nigeria is six persons Lines 287 & 317: These subtitles are underline? Line 259: Table 3 indicates that the majority (95.0% and 90.0%). Please remove the parenthesis Line 262: Also, 78.8%, 75% and 75% of the respondents practice shifting cultivation, crop rotation and selective clearing, respectively. These are two 75%, please rephrase by removing one 75%. Lines 263-265: 73.8% and 73.8%, of the respondents always use integrated cropping and enlargement of row width, respectively. Please remove one 73.8% and rephrase.	
Optional/General comments
