General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only by '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part of the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The objective of the study should be mentioned in Introduction. Reason for only 30 nos. of non-adopters against 120 adopters should be explained. IN table 1-3, for ratio and interval level data, mean and SD should be given. Comparison of the characteristics should be made with an appropriate statistical test to get a better understanding. In table 4, is the data multiple responses? Since the title (not the objectives) indicates the determination of factors, so factors of both the group should be calculated.Consult with a statistician. Plagiarism issue: Line-28-31((http://www.manage.gov.in/studymaterial/CCA-E.pdf) Line 44-46 Citation was given but written original sentence.(http://ageconsearch.umn.edu/bitstream/42399/2/IFPRIDP00714.pdf) Both may be revised.	
Minor REVISION comments	Correct the minor grammatical mistake.	
Optional/General comments
