General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	- Pg 1 , row 21 "hired labour ". What does it mean? <i>Employed workers or the cost of work performed?</i> - Pg.2, row 66. After 2016, "Where a minor but", replaced with 2016, <i>where a minor but</i> - Pg. 3-5, row 88, 111, 120, 141. Without – between table and number (row 88, table 1, row 111, table 2, row 120 table 3, row 141, table 4) - Pg.5, row 146. "The dominating number <i>f</i> Shinwari". What is with this letter? - Pg 5, row 155. Can you replace <i>scavenging</i> with other synonymous? Is not a commun word - Pg 5, row 156. "their animals as against only natural grazing". What it is mean?	
Optional/General comments	Percentages and means obtained do not take the place of statistics. The work is coherent, which required time but in the future a statistical analysis of the values even if the differences are insignificant raises the value of the work, which took time in taking the data and laying on paper
