General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The author is simply dividing his areas as agriculture and animal husbandry Line 63, 71, 100, 111 etc. Animal husbandry is also a branch of agriculture. I suggest that we characterise the branches correctly so as to pick the requirements of the abjective on information needs of the farmers.	
Minor REVISION comments	In a few cases the author failed to leave a space after the comma or full stop, before starting another sentence eg, line 46 and Line 72.	
Optional/General comments	The author wrote the article in good simple English which is easy to read and understand
