General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	The manuscript has merit to be published; it informs the public involved what is necessary for the general knowledge of the subject. Specify in the numbering of the figures in the order they appear in the text. (eg, Figure A, Figure B and Figure C.)	
<u>Minor</u> REVISION comments	The manuscript has merit of being published, after the adjustments for the journal.	
<u>Optional/General</u> comments	The photos are with a very bad image. You must graph the period of the year in which the survey was conducted.
