

SDI Review Form 1.6

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJAHR_45655
Title of the Manuscript:	Potential of Tithonia diversifolia Residue as a Sustainable Alternative for Inorganic Fertilizers to Improve Soil Fertility and Production of African Nightshade (Solanum nigrum L.)
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The proposed hypothesis is clear and precise, it would be necessary to develop objectives to corroborate it. The materials and methods are clearly described and very complete as well as the statistical methodology for the evaluation of the results. The results are very clearly presented and analyzed The conclusions clearly express the results obtained	Noted
Minor REVISION comments	The paper is very well prepared as a suggestion could include proposals for future work such as evaluating the combination of technologies use of inorganic fertilizers and sow of Tithonia diversifolia	Noted
Optional/General comments	The paper is important because it provides information on soil management technologies to reduce and / or prevent land degradation	Noted

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
