

SDI Review Form 1.6

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJAHR_45846
Title of the Manuscript:	Influences of genotype and drought at flowering and grain filling on root architecture traits of Zea mays L.
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The paper is important because it provides information to improve the productivity of the corn crop in environments exposed to drought The objectives are clear and precise The materials and methods are clearly described The results are very well analyzed and presented, the reading of the explanatory text becomes difficult to follow, it would be clearer and easier to interpret if the results were graphed the discussion of the results focuses correctly on the information generated. The conclusions are clear and precise	The Results Graphed
Minor REVISION comments	The paper is very complete and the research is very well conducted, the methodology used and the results obtained are very clearly presented, as well as the analysis of them is very clear from the statistical point of view. It could provide greater clarity or ease to interpret the results the incorporation of graphics that illustrate these results	The Results Graphed
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
