FINAL EVALUATOR'S comments on revised paper (if any)	Authors' response to final evaluator's comments
After revision, the quality of the manuscript has been increased to a certain degree. However, there are still some aspects that need to be improved, including but not limited to the followings: 1. The text is not well arranged and the logic is not very clear. 2. The authors should maximize critical reviewing. 3. There are still typo and grammar errors. Strongly suggest that the manuscript is polished by a native English speaker with related professional knowledge.	Thank for the comment. We have made corrections pertaining text arrangement and the logic. We have equally take care of the typo and grammatical errors. Note: we have modified the abstract in such away to contain background, methodology, result and conclusion.
