General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<http://www.sciencedomain.org/page.php?id=sdi-general-editorial-policy#Peer-Review-Guideline>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	None.	
<u>Minor</u> REVISION comments	Some writin mistakes like line 40: normalisation o raised lipid levels	Done changes.
<u>Optional/General</u> comments	An interesting and original study but such studies should be done with greater sample size.	Thanks a lot for your motivational words, yes current sample size is limitation of this study, we will continue with this observational study to get more sample size for our next publication.
