SDI Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<u>Compulsory</u> REVISION comments	I have gone through the manuscript (Ms-AJEA 20434). It is well written but Title as well as objectives of the manuscript does not reflect the information of the manuscript. There is no data or parameter presented related to heat tolerant such as how many flower or fruits aborted due to heat stress from susceptible genotype or retain in the tolerant genotype. Also lack of other heat tolerant related variables. This indicate manuscript does not prepare from methodical experiment. It should be rewrite as per the results recorded by the author. Manuscript can be write only for combining ability of yield related traits and also for gxe interactions. Manuscript should be re-submitted .	
<u>Minor</u> REVISION comments		
<u>Optional/General</u> comments
